

XXIO
EXPERIENCE THE DIFFERENCE

WORKBOOK 2026

EFFORTLESSLY LIGHT

THAT SENSATION IS NO ACCIDENT. EACH XXIO GOLF CLUB IS ANYWHERE FROM 30G TO 60G LIGHTER THAN TRADITIONAL TOUR CLUBS. WE REMOVE UNNECESSARY WEIGHT AND REPOSITION THE REST, CREATING CLUBS THAT SWING WITH EASE.

THE RESULT ISN'T JUST MORE SPEED. IT'S MORE GRACE. MORE DISTANCE, YES—BUT WITHOUT STRAIN. JUST YOU, THE CLUB, AND THE FEELING OF A SWING THAT WORKS WITH YOU.

BESPOKE COMPONENTS

WE DESIGN OUR GOLF CLUBS FROM GRIP TO CLUBHEAD AND EVERYTHING BETWEEN. EACH ONE IS A WELL-HONED UNIT, CRAFTED IN-HOUSE FROM THE GROUND UP. THAT MEANS EVERY GRIP IS TAILORED TO EVERY IRON, WOOD, AND DRIVER MODEL. AND EVERY SHAFT IS CUSTOM TUNED BY MODEL AS WELL.

THERE'S NO OTHER WAY TO ACHIEVE THE ULTRALIGHTWEIGHT, HIGH BALANCE POINT, EASY-TO-SWING XXIO FEEL.

WONDERFULLY SIMPLE

BECAUSE EVERY ELEMENT OF A XXIO CLUB IS DESIGNED WITH YOUR MODERATE SWING SPEED AS A FIRST PRINCIPLE, THERE'S NO NEED FOR COMPLICATED FITTING ROUTINES OR TEDIOUS COMPONENT TRIAL AND ERROR.

MANY OF OUR CLUBS CAN BE PURCHASED AS SETS—AN INSTANT TICKET TO EASE AND LIGHTWEIGHT FEEL. OR IF YOU LIKE, A SHORT CONSULT WITH OUR EXPERTLY TRAINED FITTERS CAN HELP YOU SELECT THE RIGHT MIX OF WOODS AND IRON LOFTS FOR AN EVEN BETTER FIT TO YOUR GAME.

DESIGNED FOR YOU

FOCUS—THAT’S THE FINAL YET MOST CRITICAL ELEMENT OF OUR DESIGN PHILOSOPHY.
WE AREN’T TARGETING ALL PLAYERS; WE’RE OBSESSING OVER FEW: GOLFERS WITH
MODERATE SWING SPEEDS AND FEMALE GOLFERS OF ALL AGES.

THIS UNAPOLOGETIC FOCUS IS WHAT ALLOWS OUR CLUBS TO BE SO PURPOSE-BUILT
AND OUR PERFORMANCE TO BE BAR NONE.

TIME WELL SPENT

BEYOND DESIGN PHILOSOPHY, WE’RE A BRAND WITH A POWERFUL STORY TO TELL.
ONE THAT CELEBRATES A LIFE WELL LIVED AND TIME WELL SPENT.

THIS ADVENTURE-FILLED BRAND FILM HIGHLIGHTS THE ASPIRATIONAL LIFESTYLE OF XXIO GOLFERS.
IT’S AN ODE TO JOY, FAMILY, LOVE, AND TIMELESS STYLE - A TRIBUTE TO PASSIONATE GOLFERS WHO
FIND IN XXIO THE REFINEMENT, GOOD TASTE, AND PEDIGREE THEY DEMAND

THERE'S SO MUCH TIME YOU WISH COULD LAST FOREVER

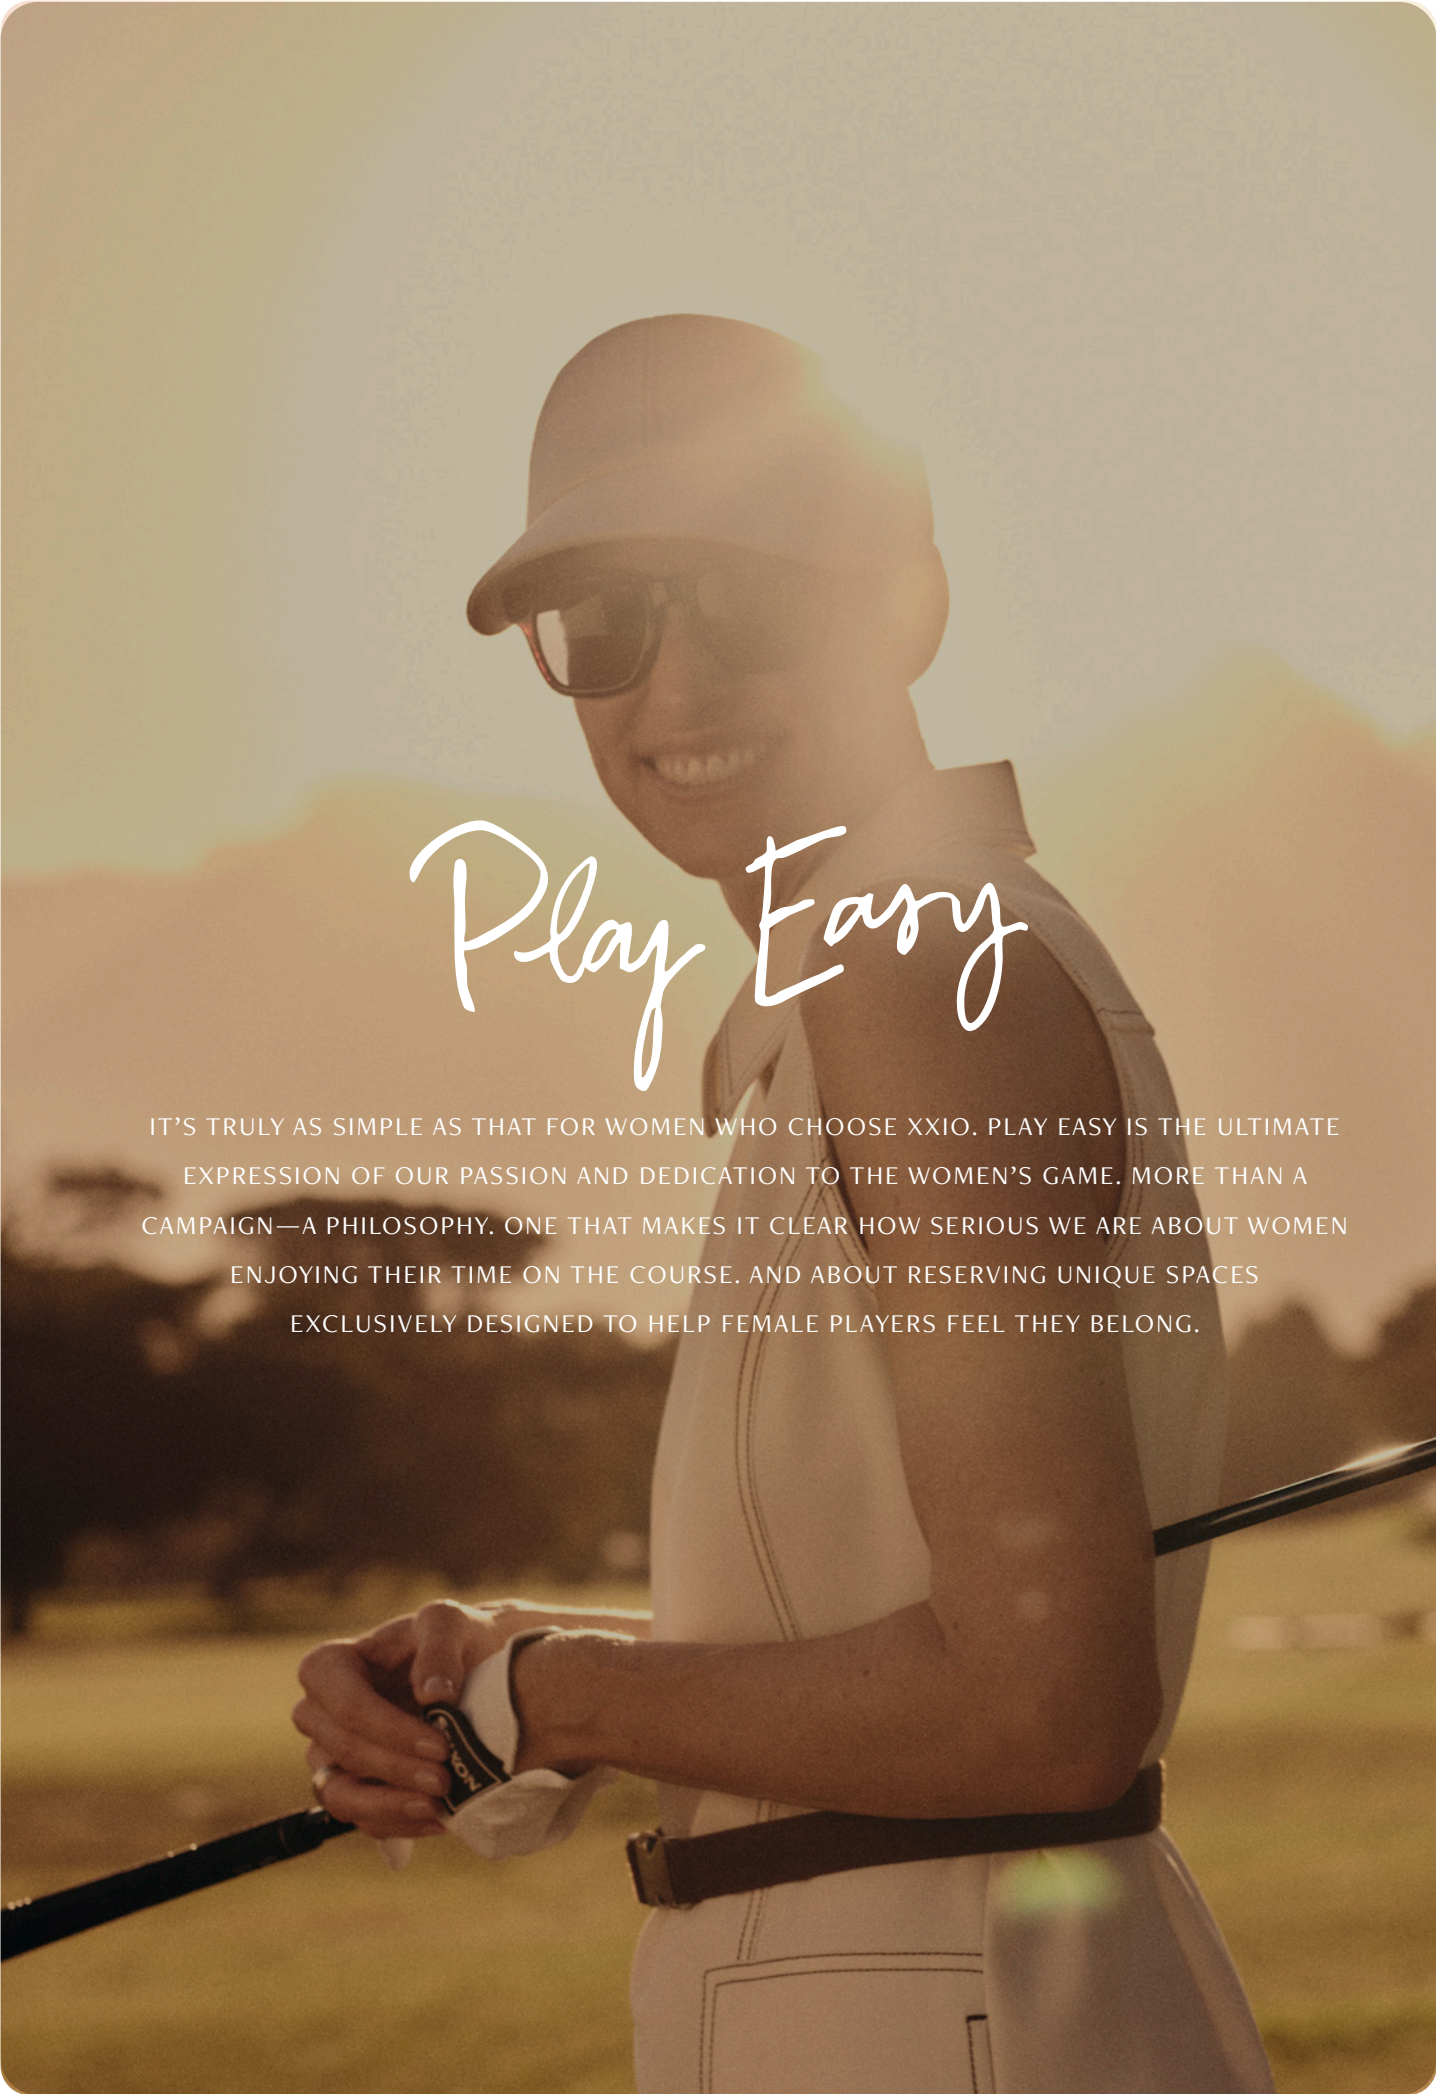

*“THE ONLY TIME WELL
SPENT IS FILLED WITH
JOY, LAUGHTER, MYSTERY,
ROMANCE, AND POETRY
IN EVERY MOMENT.”*

FOR WOMEN WHO SWING WITH INTENTION

IN 2026, WE'RE MAKING A DEEPER INVESTMENT IN THE WOMEN'S GAME.
THIS NEW CHAPTER IS ABOUT CRAFTING WOMEN'S PRODUCTS THAT RESPECT THE
SAME THINGS ALL GREAT PLAYERS CHASE:
FEEL, FORM, AND PERFORMANCE. WE'RE DESIGNING SPECIFICALLY FOR WOMEN WHO
ARE SERIOUS ABOUT THE GAME—AND ABOUT GEAR THAT MOVES WITH THEM.

Play Easy

IT'S TRULY AS SIMPLE AS THAT FOR WOMEN WHO CHOOSE XXIO. PLAY EASY IS THE ULTIMATE
EXPRESSION OF OUR PASSION AND DEDICATION TO THE WOMEN'S GAME. MORE THAN A
CAMPAIGN—A PHILOSOPHY. ONE THAT MAKES IT CLEAR HOW SERIOUS WE ARE ABOUT WOMEN
ENJOYING THEIR TIME ON THE COURSE. AND ABOUT RESERVING UNIQUE SPACES
EXCLUSIVELY DESIGNED TO HELP FEMALE PLAYERS FEEL THEY BELONG.

XXIO 14

XXIO 14 IS A LIGHTWEIGHT, PREMIUM SET OF WOODS AND IRONS BUILT TO HELP MODERATE SWING SPEED GOLFERS HIT HIGHER, LONGER, AND STRAIGHTER SHOTS WITH EASE.

XXIO 14

XXIO 14 is a lightweight, premium set of Woods and Irons built to help moderate swing speed golfers hit higher, longer, and straighter shots with ease. Powered by VR-Titanium, the Driver delivers faster ball speeds, more forgiveness, and consistent contact from tee to fairway. The Irons feature precise tungsten weighting for higher launch, longer carry, and softer landings.

XXIO 14+

XXIO 14+ is a lightweight, premium set of Woods and Irons engineered for moderate swing speed golfers seeking a lower-spinning, more penetrating ball flight. Featuring the same advanced technologies as XXIO 14, 14+ is tuned with straighter flight bias in the Driver and a sharper, more workable Iron shape. This performance-focused design delivers controlled distance, stability, and exceptional feel for players who prefer a penetrating trajectory.

EXPERIENCE THE DIFFERENCE

XXIO HYPER RD GOLF BALLS

HYPER FLIGHT WITH SOFTER FEEL

Your golf ball is the only piece of equipment used on every shot. Featuring next-gen Rebound Frame technology and a new dimple pattern, HYPER RD provides you with increased distance and lower spin for the overall versatile performance you need during a full round.

The 3-layer structure alternates areas of high and low rigidity to produce just the right amount of flex, providing high initial ball speed with a softer feel at impact.

CONSTRUCTION	3 Piece
COVER	Hyper Soft Cover
MID-LAYER	High Resilient Mid Layer
CORE	FastLayer Core
DIMPLE	High Trajectory 362 Speed Dimple Pattern
BALL NUMBERS	1, 2, 3, 4, 5, 7, 8
FEEL	Softer
DISTANCE	Longer
FLIGHT	High
GREENSIDE SPIN	Higher
DRIVER SPIN	Low

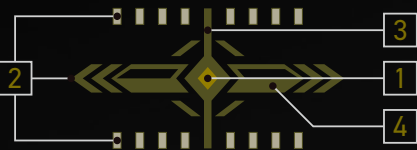

Made in Japan

EVOLVED ALIGNMENT MARK

The center mark helps you focus and makes it easier to lock on to the target!

- 1 KEEP YOUR EYE ON THIS MARK FOR ENHANCED FOCUS
- 2 LOCK ON TO THE TARGET
- 3 ALIGN THE PUTTER FACE WITH THE ALIGNMENT LINE
- 4 ALLOWS YOU TO HIT A STRAIGHT PUTT

XXIO HYPER RD
Premium Pink

TEE SHOT
Flies straight and far due to high initial speed, high launch angle and low spin, all with a softer feel at impact.

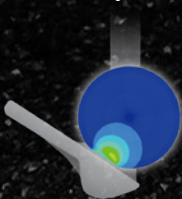

A highly resilience mid-layer provides high initial ball speed. A graduated core that's soft in the center yet firm near its edge provides higher launch angles and lower spin.

FAIRWAY SHOTS
Once again, this ball flies straight and far due to high initial speed, high launch angle and low spin, all with a softer feel at impact.

A highly resilience mid-layer provides high initial ball speed. A graduated core that's soft in the center yet firm near its edge provides higher launch angles and lower spin.

APPROACH
The soft cover delivers excellent spin and control to help hold the green from any distance.

Soft cover provides great feel and spin on each shot.

PUTTING
A soft cover provides great feel and control on each shot.

A new, larger and clearer alignment line helps precisely aim each putt for better accuracy.

XXIO PREMIUM GOLF BALLS

HIGH QUALITY PEARLESCENT LOOK WITH TREMENDOUS DISTANCE AND VERY SOFT FEEL AT IMPACT.

XXIO ALL WEATHER GLOVE

Designed with a focus on grip pressure

Palm side: Suede type synthetic with Silicone rubber print.
Back side with soft and light PU synthetic material.

EXCELLENT FIT

Combination of soft synthetic leather and elastic material offers comfortable feel reducing tightness.

STRONG GRIP

Silicone print on palm side allow golfers to increase grip pressure. Suede synthetic leather has excellent absorbency, helping golfers to maintain grip regardless of rain and sweat.
